President's Report

John Williamson | President

I am pleased to present the Chairs annual report for the 2025-2026 year.

This financial year just finished, will be remembered as a year the floor was significantly improved, the roof made watertight and the Kitchen upgraded. Our level of tenancy is at a very satisfying level as is our number of volunteers.

GELC operated as a very busy Neighbourhood House. Numbers through the door are on the increase. People were visiting Access Skills Training, Central Vic. Group Training, Partners in Training, Access Employment, Axis Employment, Soup Friday, the Yarn Group, U3A, Writers Group and numerous other activities catering for many interest groups

People also came to swap books, use WIFI, socialise and have a coffee, to escape the cold in winter, or the heat in summer or to work on different activities of our Food Security programmes. Our Christmas in July event was very well attended and appreciated by all.

I would like to thank the Millhouse volunteer staff for all their efforts to make GELC a warm and caring environment for all.

I would like to thank each and every member of the Committee for attending meetings and making the hard decisions that enable GELC to provide services to the people of Maryborough and district.

Finally, I would like to thank Sarah for her contribution to Millhouse

Manager's Report

Sarah McLean | Manager

The 2025-2026 year was a period of significant growth and development for Mill House. Throughout the year, we continued to deliver established community programs while introducing new projects, improving our facilities and building stronger relationships with local organisations.

One of our most important priorities was strengthening Food @ Mill House. Rising living costs continued to place pressure on local households, and demand for affordable food, community meals and pantry support remained high. Our weekly market, Friday Feast, Food with Friends, frozen meals and 24-hour Community Pantry provided practical assistance while also creating opportunities for connection and participation.

We expanded opportunities for children and young people through Play Group, Gamers Guild, and the development of the Digital Inclusion and Community Capacity Hub. The Hub began introducing new computers, laptops and improved internet access, laying the foundation for digital mentoring, community access and youth storytelling activities.

A number of improvements were also made to the Mill House property. New flooring, selected blinds, storage improvements, a community mural and the completion of the shed fit-out created a safer, brighter and more functional environment. New commercial kitchen equipment purchased through the SilverChef Community Grant strengthened our ability to prepare meals safely and efficiently.

The contribution of volunteers remained central to everything achieved during the year. Volunteers supported reception, food collection and preparation, markets, community lunches, gardening, maintenance, events, administration and youth activities. Their generosity, skills and commitment allowed Mill House to provide a much greater level of support than would otherwise have been possible.

I would like to thank the Committee of Management, staff, trainees, students, volunteers, tenants, partner organisations, donors, local businesses and community members who contributed to Mill House during the year. Together, we have continued to build Mill House as a place where everyone is welcomed, valued and encouraged to participate.
